ANALYSIS

Seesaw battle for number one as DURAN DURAN and MADONNA make it an extremely close call for the number one position. DURAN gets the nod, with only a 2% difference in points separating the two and MADONNA a shoo-in for the top slot next week. Three new entries in the top ten, most notable of which are ADAMS and WAGNER. "Hit Factor" for both have gone through the roof, ADAMS nearly doubling from 39% to 71% and WAGNER up to 69% from 50%. CHICAGO is on a roll, as "Inspiration" was narrowly edged out of a top ten number this week. Big gains include WBCY 18-11, ZZ99 15-4, KWK 23-18, KIKI 25-13, Z-93 33-18, 14K/92K 25-16, WKTI 24-13, etc. NEW EDITION comes through top 5 for WKCI-New Haven, WAVA-Washington, Q104-Gadsden, Y100-Miami and close to top 5 for scores of others. BAILEY & COLLINS enter the top twenty in only three weeks! 246 reports this week qualifies them for a number 3 ranking in overall airplay. Early "Hit Factor" momentum has become a telltale gauge for big hits and RAY PARKER JR. fits the profile of a winner at this point. PARKER picks up a quick 12 percentage points moving up from 2% to 14%. Last week's "Most Added" record, FOREIGNER, didn't have many holes left to close, but the few that existed have vanished with just about everyone on it now. The list of artists making a final run to get on radio playlists in 1984 is in full swing. All of a sudden we see five debuts in the Top 40 and a larger than usual list of "Chartbounds". FOREIGNER of course debuted with no problems, as did SPRINGFIELD's "Bruce", STEVIE and the POINTERS, who should become a hot request item, growing in direct proportion to box office receipts for "Beverly Hills Cop". After several weeks in "Chartbound", REBBIE JACKSON gets on the Top 40 with a "Hit Factor" of 41% and good chart growth. The headline for this week's "Record To Watch" says it all...it is time for the Time. The song, featured in the movie, "Purple Rain" has been hangin' around picking up more stations each week and proving itself a winner market by market. Added this week by WXKS/FM, KS103, WZUU, KDON, WBBQ, WSPT, KSLY, WHYT and 11 others. Currently top 5 at KIIS/FM, FM102, KMJK, KFXM, WQBZ and WCIL. If you're looking for another MADONNA cut, MARK SHANDS at I-95 Miami reports that "Material World" is currently top three in his latest request tabulations.

PAT BENATAR'S GREAT EXPECTATIONS

by Ron Fell

Neil & Pat Benatar.

Who would have predicted that when Patricia Andrzejewski was born in Brooklyn that she'd be one of rock music's prima divas? It's a long way from the rehearsal halls of stuffy Juilliard to the hard rock coliseums of America.

At seventeen she was studying opera in Manhattan. At nineteen she was a singing waitress in Richmond, Virginia. In her mid-twenties she was auditioning at New York City's famous Catch a Rising Star - a club whose owner, Rick Newman recalls; "It was 2:45 in the morning. We had about thirty performers and she was about number twenty seven. I was on the other side of the room, drinking with some friends. Then I suddenly heard this voice." Soon thereafter Newman was Benatar's manager - a responsibility he still holds today.

The other key man in Pat's life first appeared as lead guitarist in her band in 1979. Neil Geraldo eventualiy became her producer, then her husband (1982) and soon father of her child, (March of next year). Pat is in the second trimester of her first pregnancy. In the early months of her pregnancy she was able to complete recording of her newest LP, "Tropico" and shoot three promotional videos.

Pat was an early believer in promotional videos and has to date filmed thirteen, including "We Belong" (the current single), "Painted Desert" and "Ooh Ooh Song." Do we have possible clues to future singles?

After giving birth in March she hopes to hit the road with babe in arms in May. "Performing live is the most instantly rewarding part of my life...it's the one thing that never gets old. The one thing I never get tired of," says a wistful and yet anxious Benatar. "On the road I'll suffer for sound."

With great expectation Pat beams, "The baby will round out our lives personally and we'll probably look at life with a new perspective. It'll drastically effect everything we do and at the same time nothing that we do."

Though Pat and Neil spend most of every day together, either working or living,

www.americanradiohistory.com

the next few months should bring them their greatest reward - a new child. The Geraldos are an extremely private couple when not producing rock 'n' roll. They shun the trappings of celebrity - choosing a self - imposed exile in Southern California's San Fernando Valley.

In a span of just five years Pat and Neil have toured hard and long, recorded six albums, had an HBO special and have filmed thirteen videos. Now, some would call the next six months of their life a "break." Few experienced mothers would, however, call such expectant activity a break. Pat is concerned with the implications of motherhood on the role of a touring rock star. Recently Pat talked with Crissie Hynde-Kerr (Pretenders) whose two year old daughter, Natalie is already a road vet. "Crissie says it's no big deal to tour with the baby. You take a nanny, you go on the road and it's really no problem," said Pat in a recent story in Rock Magazine.

"On the road I'll suffer for sound."

Interestingly, the history of rock and roll hasn't recorded many performing mothers. Most noteable from a rather short list are the afore-mentioned Crissie Hynde-Kerr and Carole King, Cher, Martha Davis of the Motels, Grace Slick and Donna Summer.

For the next six months Pat's gonna let her music speak for itself as she prepares for the big event. But she's determined to renew her stage life with the same old vigor and a larger family. ■

ANALYSIS

December 7, 1984

It's quite possible that the Wagner, Seger, Chicago and Manilow will all squeeze together between #7 and #10 next week as they wait for the slightest fatigue above. Steve Perry's fourth single will be his biggest for A/C. If just half the stations playing the Springfield & Crawford move it to high rotation, it'll go top five. (Airplay is very impressive.) Probably only two debuts next week, with Ronstadt & Henley (former band members) the most likely to succeed. But don't count out Culture Club.

This week will be the last week we can accept A/C reports on Wednesdays. Beginning December 17th all A/C reports must be received (phone or mail) by Tuesday night at 6PM PDT.

P.D. NOTEBOOK by Eric Norberg

FROM A PROGRAMMER TO SALES

A while back I received a piece from Mike Anderson, New Operations Director at KKBJ in Bemidji, Minnesota, called "from the unknown programmer to the unknown salesperson". He apparently wrote it himself, since he remarks that he took the time "to review what valuable lessons I have learned" in the four years previous to moving to KKBJ. He adds, "note that it is written by someone who works on a programming level. I don't know if I should admit that at too high a volume when in the company of fellow announcers!"

Here it is: "Salespeople. Boy, do they have a lot of gall. Here it is, Friday afternoon, and they still haven't delivered the information for that ten-spot set that's supposed to start on Monday. And do you suppose I'll get the support of the General Manager if I complain?

"Forgive us. We, as production and programming support personnel have put unnecessary pressure on the sales portion of the radio industry for much too long. Then, we as non-sales people have the audacity to blame that fact on the thought that 'radio is an ego-oriented business, and everybody has to bitch once in a while,' what a bunch of crap.

"The truth of the matter is, we as the 'product' are very jealous of you. Let me elaborate.

"A producer lights up when the salesperson enters the production room full of compliments for his work...and how the commercial really contributed to the sale of an account. You as salespeople know that the next time you have an ad done by this announcer, he'll be a little more fired up when he tackles the job. After all, someone 'noticed it'.

"And yet, we as programmers and producers seldom take the time to comment on your (sales) work. How hard you had to push to get 'Joe Car Dealer' to increase his radio budget...where just one year ago, there was no radio budget. The truth of the matter is, we as the 'product' are very jealous of you.

"You are very correct when you tell us that we are talented people. We are. But our jealousy is based on your talent. You see, our talent is based on making important decisions in isolation. Decisions about the music we'll play, the stories we'll read, the verbage we'll use. All of your decisions are made under fire; spontaneously; under pressure. And that takes a very talented person.

"Also, we as the 'product' see you only when that pressure is relieved; when you have arrived back at the station, where you can find some solitude. We see you move less quickly than you were moving just a few minutes ago. We see you take things less seriously than you did just moments ago, because now they are less serious.

"When we see the beautiful new car that is parked in the driveway, we completely forget about the payment that came with the car, and the work it takes to make those payments.

"The truth of the matter is, we as the 'product' are very jealous of you. Oh....and you, too General Manager. Such a tightwad you are. Such a vicious bear you can be. 'Why, if I were GM around here...things would be different.'

"We have all caught ourselves saying that at one time or another; and each time we said it, we were probably closer to the truth than we realized. Things would be different. There is nobody here that he has to report to. That makes his job easy, right?

"Yes....only if you set aside the people he answers to at 'the home office'. Only if you set aside that the decisions he makes today will decide if this business simply survives... or goes on to be a dominant money-maker (which means pay raises). Or whether it will fail completely. Yes, only if you forget that each decision he makes could affect many employees....most of those with a family to take care of.

"Now how easy is his job...when you take all these factors into consideration? All that spiced with his main job--motivating us; keeping us happy.

"So....to the Salespeople and Management we 'put up with'....thanks to you for, in fact, putting up with us."

Thanks, Mike. And to anyone reading this who is put off by the thought of jealousy...remove that word and consider the rest. Working with sales and management has to be a two-way street for people in programming. Hostility breeds hostility. Respect the folks who pay your salary and you've made a good start at improving relations with them!

Greg Giuffria is from New Orleans. He was the original keyboard player in the band Angel (on Casablanca) in 1975.

EURYTHMICS
Annie & Dave received $600,000 to provide the soundtrack for the movie 1984. Though director Michael Radford called the music inappropriate, the film is meeting with box office success and critical acclaim internationally.

OTIS REDDING & THE BAR-KAYS
On December 10th, 1967 Otis Redding and four members of his band died in a plane crash in Wisconsin.

JOAN JETT

RICHARD CARPENTER
He'll soon have his first solo LP, two years after his sister Karen's death.

POINTER SISTERS
Their latest single is from the new Eddie Murphy movie, "Beverly Hills Cop."

JULIAN LENNON
He chose Sam Peckinpah to direct his first two videos, "Valotte" and "Too Late For Goodbyes."

DAVID BOWIE
In Bing Crosby's last TV Christmas Special, December 13, 1977, David Bowie sang duets with Bing on "Little Drummer Boy" and "Peace On Earth."

ELVIS PRESLEY

SUPERTRAMP
Despite the departure of guitarist Roger Hodgson, Supertramp is currently working on their next LP. Adding guitar parts to a few songs is David Gilmour of Pink Floyd.

JERRY REED
Jerry may no longer be recording for RCA, but he's directing, acting and singing in a new movie, "What Goes Around," an action comedy.

WILLIE NELSON
His upcoming live New Year's Eve show on HBO will include B.B. King and Waylon Jennings.

JOHN CAFFERTY
It's Cafferty's singing voice but not face in the movie "Eddie & the Cruisers."

NEW Releases

That Was Yesterday/I Want To Know What Love Is/A Love In Vain/Down On Love/She's So Tough-FOREIGNER (Atlantic)
Q: What's hard on the outside and softer on the inside?
A: The new FOREIGNER album.
Producer ALEX SADKIN (DURAN,MARIANNE FAITHFULL, GRACE JONES,TOM TOM CLUB) and MICK JONES stablize each other by marrying traditional rock with the innovative sounds of 80's studio technology. AGENT PROVOCATEUR truly sparkles when the band downshifts into slow/medium drive. "That Was Yesterday", "A Love In Vain","Down On Love", and especially the single benefit from the expressive vocals of LOU GRAMM enriched by layers and layers of thick temperate instrumentation. Most of the above listed trax represent AGENT PROVOCATEUR's slower, more ethereal side except for "She's So Tough" and "Reaction To Action", which rock with reason.

Sexcrime/For The Love Of Big Brother-EURYTHMICS (RCA)
Interesting story behind the movie and the soundtrack. The director/screenwriter MICHAEL RADFORD debuted the movie with an entirely different soundtrack. Afterwards, the movie's main financier preferred the drawing power of the EURYTHMICS, who were later mixed in. Eventually, after five weeks running in London, EURYTHMICS were worked in completely, eliminating the original competing soundtrack, much to the chagrin of director RADFORD. 1984 will open before 1984 ends. The film has been gathering rave reviews, which should mend bruised egos and broken fences all around. The above listed trax are the least incidental offerings.

Goodbye To You-ROY FIRESTONE (Erika) Hilarious novelty/impression of HOWARD COSELL singing SCANDAL's "Goodbye To You". FIRESTONE is a local LOS ANGELES sportscaster with an imaginative sense of humor. Side two has the best KEITH JACKSON bit.

The Old Man Down The Road -JOHN FOGERTY (Warner Bros.)
Just one slice of a tremendous bounceback that's going to knock the world right where it sits. Not only will the demographic reared on CCR take hold, but does FOGERTY realize the effect he's had on young Alternative bands who rever the truth and honesty of the bygone era that was CCR's height ? The upcoming LP will be one of 1985's very first explosions.

Smalltown Boy-BRONSKI BEAT (London/MCA) "Smalltown Boy" is a cool dance tune released in this country in its original format. Totaling nine minutes, the side is banded, enabling anyone spinning it to jump in and out at various stages. Not unlike a falsetto BOY GEORGE, JIMMY SOMERVILLE in his best FRANKIE VALLI weaves a touching tale.

Highway 61/License To Kill/I and I/Tombstone Blues-BOB DYLAN (Columbia) MICK TAYLOR tears it up torridly,making your standard live LP suddenly terrific. Recorded during his 1984 European campaign with SANTANA, DYLAN seems to have evaporated his outspoken religious persona in favor of a subtle rockin' fervor. Action on the twelve inch indicates "Highway 61" as the runaway favorite. However, "Tangled Up In Blue" (completely retangled, lyrically) shows the true strength of just the pen, the guitar, the lone American voice, and its effect on hordes of Europeans. Ban the bomb and play guitar.

How Soon Is Now-THE SMITHS(Rough Trade/Sire) "How Soon Is Now" started out as a B-side to the 2:10 "Oh William". Having overshadowed the A-side on both sides of the Atlantic, it's now available domestically both at 6:43 and an edited 3:53. Guitarist JOHNNY MARR utilizes a BO DIDDLEY riff while vocalist MORRISSEY murmurs dramatically.

ANALYSIS

The issue now in your hot hands is the third from the last of '84. PLEASE CALL TWO MORE TIMES. The next issue (#1537) will carry all the 1984 TOP 100's. Following that issue will be our final 1984 kissoff...This could be BRYAN ADAMS' last week at number one. DON HENLEY looks like the best candidate, but upsets do occur. JULIAN LENNON, U2, KINKS, and BRUCE SPRINGSTEEN round out a tight competitive TOP SEVEN. I would expect FOREIGNER to rally round the top next week.

Good weeks this week for a CERTIFIED PHILIP BAILEY, IDOL, GIUFFRIA, and TRIUMPH. Some major turnabouts this week for JOHN "Naughty" PARR, PLANET P, and BRUCE COCKBURN (again). LOS LOBOS could have drifted higher, and will close out the year impressively. REO is on a new track, as is HALL & OATES...Who wrote and first performed CYNDI LAUPER's new single "Money Changes Everything"? If you said THE BRAINS, you probably remember this Atlanta band's early LP's with English producer STEVE LILLYWHITE...WALL STREET SPEAKS DEPT. An interesting article a couple of issues back in BILLBOARD has BILLY SQUIER lashing out against his video for "Rock Me Tonight". BILLY claims the sexual ambiguity "confused" his predominantly male core audience, affecting his "projecting power" and his concert draw...a new BLASTERS album comes out in early 1985. Recorded in LA and NASHVILLE, it will be entitled THE HARD LINE, indicative of their new guitared edge. JOHN C. MELLENCAMP (a big fan) lends a tune and a hand. Speaking of ole JOHN, did you read that he has a teenaged daughter??...Congratulations to Australia's MIDNIGHT OIL. Not only do they have a major new album (released here in March) that debuted at #1, but front man PETER GARRETT ran for and won a seat on Australia's equivalent to our SENATE ...the pride of CLEVELAND (besides WMMS), The MICHAEL STANLEY BAND has a new independent LP called FOURTH AND TEN. I say go for it...Two rock acts will be heard, not seen, on two major movie releases. One is EURYTHMICS in 1984 (see LP review) and ANDY SUMMERS doing a disco 2010. Speaking of movie music, since AMADEUS was released, the soundtrack became the first classical LP to enter BILLBOARD's retail pop charts with virtually no airplay. Plus the rest of WOLFIE MOZART's releases are enjoying brisk sales with some releases doubling in sales. No video as of yet...at least let's hope not. KZ.

XTC retains the number one slot (and in the POWER TRIO) with another outstanding week. The success of "Big Express" can primarily be attributed to its pure Alternative quality. GENERAL PUBLIC'S college radio support has slightly waned as they cross over to Top 40 and Album radio. With plenty of other tracks to expose, the album is still receiving vigorous support - keeping them in the POWER TRIO.

Overall, the chart shows little movement, relative to most weeks. The first four positions are frozen with the holiday slow-down setting in. Breaking into the Top 10 before the end of the year will be difficult.

A two position jump in these strangle-hold times is relatively significant. For example, LOS LOBOS entered the POWER TRIO but are running into a "fearsome-foursome" ahead none of which will drop down without a battle.

The lack of strong airplay on newer releases accounts for the absence of a CERTIFIED record. Remember, CERTIFIED is the album(s) exhibiting a strong commitment from programmers in an early stage of development. No records fit the bill.

The REPLACEMENTS have sparked renewed interest, especially among Alternative commercial stations, bringing back their underline. Despite the lack of room to move up, the REPLACEMENTS are showing potential for future growth.

RECOMMENDED NEW RELEASES

DARRELL CLANTON
I Forgot, I Don't Live Here Anymore
(Warner Brothers)

ANALYSIS

The OAK RIDGE BOYS' going Certified was a foregone conclusion. EDDY RAVEN, with two records eligible for the Top 100 of '84, was bound to win the hearts of the listeners eventually and be Certified. The Top Add - "You've Got A Good Love Comin'" by LEE GREENWOOD has a Certified a-comin'. THE JUDDS continue to dominate charts, sales, and requests. That which was predicted comes about as ALABAMA and RAY STEVENS light up phones. MERLE HAGGARD WITH JANIE FRICKE and MEL McDANIEL tied for the fourth most requested record, and the squirrel may soon have to compete with a reindeer and a grandmother. DARRELL CLANTON has a true "hurtin'" rendition of "I Forgot, I Don't Live Here Anymore". In days past, we might have tagged it a Sleeper, today it's definately a Record To Watch. DAN SEALS is "kickin-in" for BOB KELLY at KGAY, and has reliable action nationally. It was a crucial week for GAIL DAVIES and RICKY SKAGGS - both have peaked. All four debuts in the Top 40 are solid.

FREE WEDDING

KOST-LOS ANGELES' MIKE SAKELLARIDES attended the November 17th wedding of the couple who won the wedding by listening to his show. When Mike drew their postcard at random back in June, the lucky couple won a Hawaiian Honeymoon, a waterbed system, wedding bands, wedding photos and a limousine at their disposal the day of the wedding. But the couple felt their wedding wouldn't be complete without the **KOST** midday personality who made it all possible!

KGW WARMS UP MARVELOUS MARVIN HAGLER

While celebrating **KGW-PORTLAND**'s birthday, **MARVIN HAGLER** began his warm-up for the **62 KGW** Main Event. He accidentally punched out the new stereo, color television, microwave oven, new car, and other prizes that the station was planning to give away. To save the Main Event, the **62 KGW Big Guy** cut a check for $62,000. The check was stolen and the ransom call came in from the "V-Neck 'Napper", who said he was planning a trip around the world. He'll be making stops in several cities, and the listener who tracks him down will win the money.

Lucky FM103 winner seated in her new car after her key started it.

DOES YOUR KEY START THE CAR?

A bumper sticker contest at **WRKA-LOUISVILLE** ended in a listener winning a 1984 Nissan 300ZX. Registration forms from the back of the bumper sticker were mailed to the station, names were drawn and announced on the air. **FM103** gave the contestants ten minutes and three seconds to call and claim their prize of a miniature TV, watches, calculators, and a letter redeemable for a car key. At the end of the contest, **P.D. LEE TOBIN** emceed as the winners gathered to trade in their letters for the keys. Only one started the car, and the car became hers.

Frank Lozano (left), Q96/FM overnighter and Lisa Taylor, Music Director at the annual haunted house in San Antonio, with first-aid kit on the right.

LEUKEMIA SOCIETY BENEFITS FROM HORROR

Q96/FM in **SAN ANTONIO,** Texas sponsored a haunted house with the San Antonio Jaycees to benefit the Leukemia Society of America. This is an annual event for the station and **LISA TAYLOR,** Music Director, tells us that they even had a first-aid kit handy that they had to use a couple of times for "fainting high school football jocks exiting the haunted house."

"HENRY'S" EN ROUTE TO WILLIAM SCHRODER

Portland radio station, **KMJK** is doing its part to help out recent heart implant patient, **WILLIAM SCHRODER.** After hearing that the first thing William wanted was a beer, **KENT PHILLIPS** and **ALAN BUDWILL** decided if Schroder wanted a beer it should be the best in the land . . . Portland's own "Henry's." The duo contacted Gene Clark of Henry Weinhard's who generously volunteered to donate a six-pack of Oregon's finest, saying, "If that's his first request, William is a pretty quality-oriented guy who deserves the best." Kent & Alan plan to tape an hour of good wishes from listeners to enclose with their shipment of Henry's to Louisville.

TOO MANY VB TEAMS

WBCY-Charlotte, NC, in conjunction with the Easter Seals society, started something that grew beyond their expectations. They sponsored a volleyball marathon tournament on November 10th and 11th and had such an overwhelming response to the event that they did not have enough time or space to accommodate all the teams that wanted to participate. The event was held at a local Community College gymnasium and the teams raised over $11,000 for Easter Seals. **LIZ SMITH,** Easter Seals coordinator of the event, says that next year she plans to select a larger area to accommodate more teams.

ANALYSIS

You can attribute the 10, 15, and 17 point jumps on the chart to the last minute big push to get singles into the top 10 before Christmas and the New Year (i.e., 17-7 for EUGENE WILDE, 26-11 for KOOL & THE GANG, and debut at #13 for STEVIE WONDER, making STEVIE & KOOL our choice for "Chartbusters"). As predicted last week, PAUL HARDCASTLE goes "Certified", and becomes the first instrumental to do so in The Gavin Report. Charts #12 at WRKS/FM-New York, #10 at WUSL/FM-Philadelphia, #13-WWDM/FM-Sumter, #10 at WANM-Tallahassee, #24 at WBLX-Mobile, #30 at WYLD-New Orleans, #25 at KRNB-Memphis, #9 at WDMT-Cleveland, #14 at WNOV-Milwaukee, #24 at WDRQ-Detroit, #29 at KNOW-Austin, #10 at KQIP/FM-Odessa/Midland, and a big #2 at KGFJ in Los Angeles. Moving up faster and looking hotter than "Dynamite", JERMAINE JACKSON's "Do What You Do" debuts at #26 and becomes our other "Certified". The three artists with big follow-up singles, RAY PARKER JR., NEW EDITION and PRINCE, all debuting at the same time this week. Could be a tight squeeze when they all hit top 5 in early January. Hangin' in there waiting for an opening on the chart are GAP BAND, KLYMAXX, SHALAMAR, and DIANA ROSS, and since very few of our charted records are moving down just above them, they have a real challenge. With the current JEFFREY OSBORNE "Don't Stop" still so big on the Top 40 side, some felt if was too early to propose a new single. However, in spite of very stiff competition, his new single becomes one of our two "Most Added" - and in good company, too. PRINCE reigns again with "I Would Die 4 U" and since most stations were already playing and charting "Erotic City", they both charted at the same time. Coincidentally, PRINCE's single is also our "Pop Crossover" choice with heavy, heavy adds on Top 40 - 157 adds and the "Most Added" in their section, too. GEORGE BENSON looks like the potential big winner for early next year.

BAND-AID-Do They Know It's Christmas (Col.) Nothing could be more fitting this holiday season than a record by Superstars, the proceeds of which benefit millions in tragic, famine-ridden Ethiopia. Boomtown Rat Bob Geldof initiated this project and called on a bevy of heavies to help out. Trading lyrical lines are members of U2, Spandau Ballet, Ultravox, Duran Duran, Bananarama, Heaven 17, Kool & The Gang, and Status Quo in addition to Paul Young, Phil Collins, George Michael, Sting, and Boy George. This is a helluva record, regardless of Christmas or the fact it was made to benefit a starving nation. It's a plus for your station, your audience, and all involved. Columbia reports all proceeds will go to create a fund for the people of Ethiopia for food, medical supplies etc. All the participants, and especially Mr. Geldoff, are to be commended for their contribution in attempting to ease the suffering of what some have termed a modern day holocaust. I'm told the accompanying video is also superb... so play this one and turn your listeners on to some great music while making them more keenly aware of the Ethiopian problem. Let's hope the money and food it generates gets to the people it's supposed to help.

JOHN FOGERTY-The Old Man Down The Road (Warner Brothers) Oh My Gawd...I'm in Heaven! The sound of one of my all time favorite bands, Creedence, has been revived by their founder and mainstay John Fogerty. As if writing, arranging, producing, and singing weren't enough, he plays all the instruments on this track that reminds me of the old CCR hit "Run Through The Jungle". Yes Mom, he can do it all himself. Welcome Back John!

HALL & OATES-Method Of Modern Love (RCA) By now you just expect everything they do to become a hit. This song could well become one of their biggest hits ever. It's a slight departure from the traditional sound of their last four or five singles, which makes it stand out that much more. Will easily become one of the first giants of 1985.

BRONSKI BEAT-Smalltown Boy (London/MCA) Easy to hear why this has been a big seller as an import single. Gives me the same sensations I had when first listening to the Eurythmics "Sweet Dreams". Just have the feeling this is a sleeper you're gonna be hearing a lot about in the near future.

ROY FIRESTONE-Goodbye To You (Erika) Comedy/novelty records wear out after you play 'em a few times. This side actually gets funnier with each spin. Firestone is a sportscaster well known in the L.A. market who does the most remarkable imitiation of Cosell I've ever heard. Several other voices, including Keith Jackson, are priceless. Choice of song, lyrics, and Firestone's talent make it perfect for a morning gag that a whole lotta folks should get off on.

SHEENA EASTON-Sugar Walls (EMI) And you thought Sheena was sweet and innocent, huh? Here's an image overhaul that's a perfect follow-up to"Strut". First I've heard of the song's author, Alexander Nevermind, but he does deserve credit for this creation. Who is this guy?...or as Rosanne Rosanna Danna used to say...never mind. ■

ALBUMS OF THE WEEK

"Agent Provocateur"-Foreigner (Atlantic) Proving that WAITING FOR A GIRL LIKE YOU was no fluke or quirk, Foreigner has once again made a true rock ballad, I WANT TO KNOW WHAT LOVE IS, the centerpiece of a towering, majestic album. And while WAITING...was one of 1981's most popular songs, (#8 in our '81 Year-End Top 40 Chart), and the new single could likely be one of '85's biggest, both LP's are predominantly explosive, energized rock 'n' roll albums. Lou Gramm possesses one of rock 'n' roll's most dynamic and versatile voices, adding just enough abrasion to the power pieces and just enough sentimentality to the pensive ballads. Mick Jones gives the furious rockers enough voltage in his guitars and knows how to warm up a synthesizer track for the ballads. A forty month wait between albums is not usually worth the wait, but Foreigner obviously used the time to its best advantage. "Agent Provocateur" will be remembered as one of the most bountiful LP's of the year. I WANT TO KNOW WHAT LOVE IS, THAT WAS YESTERDAY, SHE'S TOO TOUGH, GROWING UP THE HARD WAY, DOWN ON LOVE, and A LOVE IN VAIN.

GLENN FREY "THE HEAT IS ON" (MCA)

A burner that's destined to get a whole lot warmer before it cools off. The song is featured in the opening scenes of Eddie Murphy's new movie "The Beverly Hills Cop", a movie that I'm told many in Hollywood expect to be a box office giant this Christmas season. A rare one that Frey did not write that's tailor-made for his rockin' side.
